SUMMARY

I am a passionate full stack web developer with extensive knowledge of both server side and client side MVC frameworks. I'm firm believer in continuous integration and code review, and always ready for new challenges that helps me to leverage my skillset with which I can bring something different on table. My development stack of choices includes HTML, CSS, BOOTSTRAP, MATERIALIZE, JAVASCRIPT, PYTHON, FLASK, DJANGO, GIT and GITHUB.

SKILLS

- Experience of writing HTML, CSS and JAVASCRIPT(ES6).
- Experience with MVC frameworks like Flask and Django including Python.
- Experience with front end UI framework (Materialize and Bootstrap).
- Experience with Git and GitHub.
- Familiar with Heroku Platform.
- Having a complete knowledge of using Integrated Development Environments (IDEs) like Vs Code and PyCharm.
- Having a string hand in writing SQL queries (tables, views).
- Familiar with Scrum/Agile development methodologies.
- Excellent communication and interpersonal skills with ability to work in dynamic environment.
- Strong Ms Office skills- Word, Outlook, Excel and PowerPoint.

PORTFOLIO

- **Lead Management System** – A web app created using python, Django, JavaScript, ajax, bootstrap and deployed on Heroku.

Here is a GitHub: <https://github.com/n-bhasin/finsarthi>

- Created a web app for a client which manages the lead for the tele callers.
- Admin can also add the users with their email id's. User gets activated only after confirming the email from admin.
- Admin has the rights to assign the handlers to contact list.
- Tele callers can call the customers and then update their status and get notification on the home screen for all the follow-ups and appointments.

- **Course Membership** – A web app created using python Django MVC framework, bootstrap, SQLite database and configured using Stripe Payment Method.

Here is a GitHub: <https://github.com/n-bhasin/courseMembership>

- It displays the list of demo courses available.
- Different types of memberships to which user can subscribe.
- For subscription Stripe Payment method is integrated using stripe API keys.
- After choosing a desired a membership course would be displayed in the user profile.

EXPERIENCE

Auribises Technologies Pvt Ltd, Ludhiana, Punjab, India – Jan 2018 – March 2018
